1. Identify User and System Interfaces

UC-1 Create Customer Profile	
UI	**Purpose**
Customer Search Screen	**Allows the CSO/Admin to search the database by national ID, customerID, name, or email *before creating a new profile* to avoid duplicates.**
Customer Search Results Screen	**Shows a list of matching customers so the CSO can confirm whether the customer already exists.**
New Customer Registration Form	**The main form used to enter all required customer attributes (full name, nationalID, address, phone, email, etc.).**
Customer Profile Details Screen	**Displays the newly created profile immediately after creation, including assigned customerID.**
Creation Confirmation Screen	**Confirms successful profile creation and shows a brief system message ("Customer profile created successfully").**
Validation/Error Message Panel	**Shows validation errors such as duplicate email, missing nationalID, or invalid data formats.**

UC-2 Transfer Funds Between Accounts	
UI	**Purpose**
Account Selection Screen	**Choose source and destination accounts belonging to the same customer.**
Transfer Details Form	**Enter transfer amount, optional note, and review account balances.**
Transfer Review/Confirmation Screen	**Show a summary (from account, to account, amount) before executing transfer.**
Transfer Result Screen	**Display success confirmation with transfer reference number.**
Validation/Error Panel	**Show errors such as insufficient balance, invalid account selection, or same-account selection.**

UC-3 Apply for loan	
UI	**Purpose**
Loan Application Start Screen	Entry point to create a new loan application.
Loan Application Form	Captures loanAmount, loanType, requestDate, and customerID.
Supporting Documents Upload Screen	UI to attach required documents (ID, salary proof, etc.) to the application.
Loan Application Review (Pre-Submit) Screen	Summary of all entered data for final review before submission.
Loan Application Submission Confirmation Screen	Shows confirmation, generated applicationID, and sets status to “Pending”.
Application Validation/Error Panel	Displays missing-field or invalid-amount errors corresponding to the “reject”/“show missing fields” branches.

UC-4 Review & Decide Loan Application	
UI	**Purpose**
Pending Loan Applications List Screen	Displays all applications with status “Pending” and key columns (customer, amount, type, date, status).
Loan Application Details	Detailed view for one application: applicant info, loan details, previous loans, and any risk indicators.
Application Documents Viewer Screen/Panel	Embedded viewer to open attached documents from the application.
Loan Decision Entry Screen	UI where the officer selects Approve or Reject, enters comments, and (on approval) defines final loan terms.
Decision Confirmation Screen	Shows final status (Approved/Rejected), records reviewerID and timestamp, and confirms that the decision has been stored.
Notification Summary Screen / Panel	Displays whether the customer notification was sent by email or SMS.

UC-5 View Transaction History & Generate Statement	
UI	**Purpose**
Account Selection Screen for History Statement	Lists all accounts for the logged-in actor and allows selecting one account to view history or generate a statement.
Transaction History Filter Screen	Inputs for date range and transaction type.
Transaction History Results Screen	A table showing transaction date, type, amount, description, and running balance, sorted by date (most recent first).
Transaction Detail Popup/Screen	Detailed view for a single transaction (transactionID, channel, performedBy, notes).
Statement Generation Options Screen	Lets the user choose statement period (month/custom range) and format (on-screen, PDF, CSV)
Statement Preview Screen	Renders the generated statement for review before download/export.
Statement Download Confirmation Screen	Confirms successful generation and download or storage of the statement in system logs.

(a) Menu Design

Use case	Menu Category	Grouping Basis
Create Customer Profile	**Customer Management**	Customer registration; performed by Customer/Admin; medium frequency
Transfer Funds Between My Accounts	**Funds Transfer**	Financial transaction; customer-initiated; high frequency
Apply for Loan	**Loan Services**	Loan request initiation; customer-facing; medium frequency
Review & Decide Loan Application	**Loan Services**	Credit evaluation and approval; restricted to Admin
View Transaction History & Generate Statement	**Statements & History**	Information inquiry and reporting; customer/admin; high frequency

Menu Hierarchy Design

1. **Customer Management**
   1.1 Create Customer Profile
2. **Funds Transfer**
   2.1 Transfer Funds Between My Accounts
3. **Loan Services**
   3.1 Apply for Loan
   3.2 Loan Review & Decisions
      3.2.1 Pending Applications
      3.2.2 Application Details
4. **Statements & History**
   4.1 View Transaction History & Generate Statement

Use Case Grouping by Actor

Actor	Use Case	Menu Category	Grouping Basis
Customer	Transfer Funds Between My Accounts	Funds Transfer	Financial transaction; customer-initiated; high frequency
Customer	Apply for Loan	Loan Services	Loan request initiation; customer-facing; medium frequency
Admin / CSO	Create Customer Profile	Customer Management	Customer registration & maintenance; internal operation; medium frequency
Admin / Credit Officer	Review & Decide Loan Application	Loan Services	Credit evaluation & approval; restricted access; medium frequency
Admin	View Transaction History & Generate Statement	Statements & History	Monitoring, auditing, reporting; internal use; high frequency
